

# **Magical Thinking in the Early Childhood Setting with Dr. Beverlie Dietze**

**Tuesday, February 6, 2024**

**6:30–8:00 pm**

**Online via Microsoft Teams**

Is magical thinking part of your early childhood practice? How might educators incorporate fantasy, dramatic play, music, movement, art and more in outdoor settings? In this workshop, playful examples will be shared about how magical thinking enriches the curriculum and provides children and educators with many possibilities for deeper reflection and learning.

Dr. Beverlie Dietze is an early childhood education consultant with a focus on staff development and program quality. Her more than 25 years' experience as an educator, researcher, presenter, coach, mentor, consultant and partner in play with children and families continues to inspire her in bringing evidence-based practices to the sector.
